

## CLEAN & DRY

Clean & Dry is a highly absorbent desiccant powder infused with essential oils designed to help provide a dry and comfortable environment for your animals.

### Ruminant

#### Cubicle and Bedding Powder for Ruminant

Relying solely on disinfecting surfaces is not always sufficient in ensuring the removal of pathogenic bacteria, as excess moisture can lead to unwanted bacterial growth following clean down. Clean & Dry is a blend of natural minerals and essential oils with enhanced absorptive ability to help keeping areas Clean & Dry.

Ideal for cubicles.

#### Key Benefits

- ✓ Ideal for use in cubicles, to support mastitis control programmes.
- ✓ Helps reduce environmental microbial burden.
- ✓ Use within calving areas to help maintain a clean environment for the comfort of the calves, keeping them warm and dry, and encourage their feeding activity.
- ✓ Contains essential oils that can help prevent the skin from drying out and keeping the skin supple.
- ✓ Can absorb twice its weight of moisture to help provide and maintain a dry environment.
- ✓ Applied to floors and ramps to help reduce the incidence of slips and falls of both animals and humans.

#### How to Use

Sprinkle and dust in cubicles, housing and floor areas as directed, and sweep excess material away during routine cleaning.

##### Cubicles

Up to 100 g/cubicle/twice a week.

##### General Use in All Areas

Up to 70 g/m<sup>2</sup>.

##### Regrouping & Transport

A light dusting over stock and equipment.

For best results, use continuously throughout the year.

Once opened, ensure the bag is tightly sealed between use to ensure longevity of the product, and store in a cool, dry area away from heat and damp conditions.
