

OPTOMEGA LIQUID

Optomega Liquid is a leading Omega-3 fatty acid supplement. Made from 100% natural high quality fish oil, it is an excellent source of energy for your animals.

Poultry

Omega-3 Fatty Acid Supplement for Poultry

Optomega Liquid is a leading Omega-3 fatty acid supplement. Made from 100% natural high quality fish oil, it is an excellent source of energy for your birds.

When looking for an Omega-3 source, it is essential to choose the right one. EPA and DHA are the two most biologically important Omega-3 fatty acids because they are readily available for the bird to utilise. However, unless a right level of EPA & DHA are supplied, the benefits of supplementing will not be seen.

Optomega Liquid provides a sustainable source of Omega-3 for your birds.

Key Benefits

- ✓ An excellent source of energy that is readily digestible.
- ✓ Help improve overall egg quality.
- ✓ Omega-3 fatty acids are known to aid fertility and can help improve egg hatchability.
- ✓ Helps mitigate the negative impact of Omega 3:6 imbalance, which affects energy available for growth and overall performance.
- ✓ Omega-3 fatty acids supports the animal's natural defences, strengthening their immune systems.
- ✓ Omega-3 fatty acids are widely known for its anti-inflammatory properties.
- ✓ Supplementation with Omega-3 fatty acids have shown to improve bone strength and density.
- ✓ Helps to improve feather condition and shine, ideal for showing birds.
- ✓ Sustainably sourced ingredients.

How to Use

Add to feed at rates given below, ensure thorough mixing. Do not store once mixed, prepare fresh each time.

Laying Birds

15 L/tonne of feed (15 ml/kg of feed).

For best results, use continuously.

Once opened, ensure the lid is tightly sealed between use to ensure longevity of the product. Store in a cool, dry area away from heat and damp conditions.
